SIGNATURES	
I authorize the verification of the information provided on this form is correct.	
Signature of applicant:	Date:

Check list for application:

- ☐ Signed check or credit card details provided in full.
- ☐ Members not utilizing the IEBWA insurance plan only: Proof of comparable insurance plan
- ☐ CE Hours for Renewing Members Only: Only required after one year of membership. Your application will not be processed without these. If you have any question as to whether or not the hours will count, please contact IEBWA.

Continuing Education Hours (CEH) (16 Hours per year):
Members are able to accumulate their hours over a 2-year period (for example January 2024 to December 2025). At the end of the 2-year period 32 CEH hours are required but they can be earned anytime during this 2-year period. The advantage is that members may attend, for example, a four-day course which would count for the total required 32 CEH hours within this 2-year period.

The following will count towards CEH hours:

- Informational seminars presented for members by the IEBWA (all hours of attendance accepted)
- Any courses with Equinology Inc (or sister company, or IEBWA approved school courses; all hours of attendance accepted)
- Attendance at an informational seminar (many local universities, colleges and equine organizations present these free or charge), workshop, conference or course on equine health-related topics not presented by Equinology Inc (or sister companies, or IEBWA approved school courses). Check with

your division head or your EC prior to the activity, who will liaise with other divisions in other to determine eligibility.

- Currently enrolled and participating in a science program (BSc, BS, AS or similar) with a focus on equine studies such as an equine science, veterinary technician, or equine sports therapy degree. Proof of ongoing enrollment required to fulfill the annual CPE requirement.
- Participation in a massage course or complementary therapy modality for humans or domestic animals. Members must first clear the course with division head or your EC who will liaison with each other to determine eligibility.
- Publication of an article on Equine Body Work in a peer reviewed journal (will contribute 1 hour per article towards mandatory hours, with a total of 10 hours being maximum claim for articles to fulfill the 2-year CEH requirement).
- Attendance at courses with a focus on business management. Total hours claimed may not exceed 16 hours when submitting CEH requirements over the 2 year period.
- Volunteer work using body work for a community-based agency/project whose focus is on horses, for example, work for RSPCA, Horse Sanctuary or Association Recognized Therapeutic Riding Program. Total hours claimed may not exceed 12 hours when submitting CEH requirements for the 2-year time period.
- Participating as an observer or completing an internship with a recognized equine health professional such as a licensed equine chiropractor, equine acupuncturist, equine veterinarian surgeon, equine osteopath, equine dentist or specialty veterinarian. Members must check with their division head or your EC who will liaise with the other divisions to determine eligibility. Total hours claimed may not exceed 16 hours when submitting CEH requirements over the 2 year period.
- Any approved online courses for a total of 32 hours for the 2-year CPE requirement. These courses must be first approved by all IEBWA division heads.

Note: it is the responsibility of the IEBWA member to inform the relevant division head/administrative office of CEH hours completed during the preceding year, at time of membership renewal. This has to be done through completion of the CEH form that will be available for download from the IEBWA site. Completed renewal forms must henceforth be accompanied by a copy of current valid indemnity insurance and proof of CEH completed during the preceding year. Incomplete applications will not be accepted.

In case of doubt, please contact your local division for additional clarification:
